

Pursuant to Emirates Design Organization Procedures (DOP), this approval is issued to:

**FL Technics, UAB**

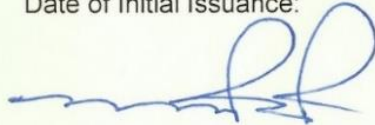

**SCOPE OF APPROVAL:**

*Design of Minor Changes/Repairs (as classified under Emirates DOP 21-03)*

**CONDITIONS:**

1. To permit the right of access, providing reasonable notice is given, to an Emirates representative, a regulatory authority representative (i.e., EASA, CAA, FAA, and UAE GCAA) and any Emirates customer representative.
2. That no secondary sub-contracting shall be allowed unless written approval is given by the Design Organization.
3. That no deviations shall be made from the supplied commercial contract, as applicable, unless written approval is given by the Design Organization. After testing and should any deviations be found, the Design Organization shall be informed, in writing, of the nature of the deviation. That the contractor shall retain essential records in an effective manner to prevent deterioration, accidental damage and shall ensure continued legibility.
4. That no records shall be destroyed without written permission of the Design Organization.
5. That all records shall be retained for the operational life of the design/product.
6. This approval remains valid unless surrendered, suspended, revoked or terminated by Emirates Design Organization.

Date of Initial Issuance: 25 March 2018
